*Updated policies will be colored in red for the new year.*
August 2020

Wonders,

One of our nation’s most revered Presidents, Abraham Lincoln, said, “The best way to predict your future is to create it.”

The path your life will take is now a question mark. Some of you, especially Seniors, might know what you want to do with it. For others, the road map of your life is still a blank canvas. Regardless of where you fall on this continuum, President Lincoln’s words apply to each one of you equally.

What you do now matters. The decisions you make now matter. The studying you do (or don’t do) this year matters. How you spend your time matters. Ultimately, everything matters when considering your future. My goal – our collective goal – is to ensure we give you the opportunity to achieve the brightest future possible.

The guidelines and rules set forth in this handbook and in the Kannapolis City Schools’ BOE policies are some of the ways we are going to help you attain that brilliant future. As your Principal, I want you to know that we are going to do everything possible to provide you with an extraordinary educational experience.

However, we cannot do it for you. We need you to be an active participant in the learning process. I am asking that you commit to that process wholeheartedly, and so fulfill your potential.

I wish you all the best for this year and for all the years to come!

ADMISSIONS
Qualification for admission to the Kannapolis City Public School System shall be considered complete upon satisfaction of the criteria listed under the respective types of entrants.

**Domiciliary Students**  **Homeless Students**  **Transfer Students**

For students who have been suspended from school, the Superintendent may deny admission until the suspension period expires, or place reasonable conditions on admission if the student has been suspended for conduct which could have resulted in suspension from Kannapolis City Schools. The Superintendent may deny admission or place reasonable conditions on admission to a student who has been expelled or convicted of a felony. If admission is denied to a student who has been expelled or convicted of a felony, the student may request the Board of Education to reconsider that decision.

The Superintendent's decision to deny admission to a transfer student under this policy may be appealed to the Board of Education. *(KCS Board Policy 1740/4010)*

ANNOUNCEMENTS
An ALBHS Student Announcements page can be found in Canvas. Every student will be expected to join this page and check it every day (during Wonder Time) for routine announcements and information from their athletic teams and/or other extracurricular organizations.

ARRIVAL TO SCHOOL
Students may enter the building after 7:15 AM but are reminded not to congregate in doorways, hallways, stairwells, or in the courtyard. Students may report directly to the cafeteria for breakfast. Students will only be allowed to go to a classroom if there is a teacher present.

All students arriving after 7:45am will be marked tardy. Students arriving after 7:45am but before 8:00am should go directly to class. Students who arrive to school after 8:00am must check-in through the main office of the school.
ATTENDANCE

The Kannapolis City Schools’ Board of Education believes that every day in the classroom is important. Thus, the following policy will be in effect:

- Students should not exceed eight absences in a course per term. On the ninth absence a student may lose credit for the class.
- Absences due to participation in school-sponsored and approved events are not to be included in the count for potential credit loss due to attendance.
- Suspensions from school will count as an absence from class but are not to be included in the count for potential credit loss due to attendance.
- Upon the 9th absence, a student may force fail (FF) a course. It is the student’s responsibility to appeal directly to the teacher of the course they are in jeopardy of force-failing if there are extenuating circumstances that should be considered regarding the student earning credit for the course.

The principal shall have authority to waive the no-credit or retention provisions of the policy.

BULLYING AND HARASSMENT POLICY
Bullying and harassment are prohibited within Kannapolis City Schools. The Kannapolis City Schools and staff shall not tolerate any bullying or harassment on school property and grounds or at any school activity on or off campus. A student shall not bully or harass another student, a staff member, a volunteer, or any other person.

Bullying and harassing behavior are defined in Harassment and Bullying Policy 1710/4021/7230. Students who have been subjected to bullying or harassment should report it to the school principal or other person designated by that policy. Retaliation against any person for reporting bullying or harassment is prohibited.

Consequences for students who bully or harass others, or who retaliate against others for reporting bullying or harassment, shall depend on the results of the investigation. Depending on the severity of the incident, the principal may also take appropriate steps to ensure student safety, which may include reporting incidents to law enforcement agencies.

BRING YOUR OWN DEVICE POLICY (BYOD)
The primary function to our Bring Your Own Device (BYOD) is to support the educational program at A.L. Brown High School (ALBHS). The wireless access provided to student devices is designed to enhance the students’ educational experience and increase authentic student engagement to academic activities. Connecting personal devices to the wireless network of Kannapolis City Schools (KCS) is a privilege, not a right. See appendix for more information.

(KCS Board Policy 3220).

BUS CONDUCT
Kannapolis City Schools feels that bus safety is of the highest priority. The privilege of all students to ride the school bus is conditional on their behavior and observance of all rules and regulations. Violation of the following regulations may result in a suspension from the school bus as well as other penalties:

- Delaying the bus schedule.
- Fighting, smoking, using profanity, or refusing to obey instruction of school authorities or a school bus driver while riding a school bus.
- Tampering with or doing damage to the bus.
- Refusing to meet the bus at the designated time.
- Unauthorized leaving the bus when en route from home to school or vice-versa.
- Playing, throwing objects, or otherwise distracting the driver’s attention while the bus is in operation.
- Failure to observe the established safety rules and regulations required by law.

CAFETERIA GUIDELINES
All AL Brown students are provided breakfast and lunch at no cost and are encouraged to eat in the cafeteria. Please, observe basic rules of etiquette. No food or drink should be taken out of the cafeteria.

Students arriving after 8:00am will be given the opportunity to attend our school’s second chance breakfast. They must decide whether they want to participate upon their arrival to school and let the front office staff know so that they can be given a pass.

At the end of first block, students participating in the second chance breakfast will report to the front office of the school with the pass they were given and will have the opportunity to get their breakfast. Students who do not have a pass will not be served.
CHECK-IN, CHECK-OUT, LATE ARRIVAL AND EARLY DISMISSAL

Anytime a student checks into school (after 8:00am), they must enter through the front office and obtain a pass to class. Similarly, anytime a student checks-out of school, they will be required to check-out through the main office. This is to ensure that we know which students are on-campus at all times.

Students with late arrival (i.e. the student does not have a first and/or second block class) or early dismissal (i.e. the student does not have a third and/or fourth block class) may proceed directly to their vehicle or form of transportation without going through the front office, as they are not scheduled to be in school during these hours. Students with late arrival or early dismissal will be given a pass from a counselor that will serve as their “check-in” or “check-out” documentation.

Please note, students with late arrival or early dismissal should not be on campus during hours they do not have class. Students with late arrival or early dismissal should not remain or wait in another teachers’ room or office during non-course hours. For safety, accountability, and protection of students, students who are coming to school prior to course hours or remaining on campus after their courses have ended will be given a course for that block.

Additionally, no athlete will be permitted to accept an early release while in season. Students who take an early release will not be permitted to play a sport that semester.

CLASSROOM INTERRUPTIONS

The Board encourages classroom activities that will maximize the learning experience for students. Therefore, insofar as possible, parents and visitors should attempt to schedule conferences/appointments with teachers at times that will not interfere with instructional time. Except for emergencies, parents or legal guardians must make prior arrangements with the principal or designee for early dismissal of their children based on limited and valid reasons. Please note: the KCS BYOD policy, allowing students to have technology in the classroom, does not exclude students from complying with this request for protecting instructional time. (KCS Board Policy 1200).
**COMPREHENSIVE HEALTH EDUCATION PROGRAM**

The Kannapolis City Board of Education is committed to a sound, thorough school health education program that provides students with accurate information and encourages them to be responsible for their own health and behavior. The Board recognizes the primary role of parents/guardians in providing for the health and well-being of their children and seeks to involve parents/guardians in the schools as provided in this policy.

(KCS Board Policy 1300)

**DISMISSAL**

All students must leave campus when their last class ends unless they have a legitimate reason to remain on campus. Students who remain must be supervised. The first wave of buses will leave five minutes after the dismissal bell; students should proceed directly to their buses and board them as quickly as possible.

**DRIVER’S LICENSE/DROPOUT PREVENTION:**

It is the policy of the Kannapolis City Board of Education to support those measures designed to enhance student performance and to encourage all students to satisfactorily complete their high school program. Those students not making satisfactory progress in school and who have not reached the age of 18 are subject to the loss of driving privileges. More details on this state policy are listed at the end of the official AL Brown Student Handbook. (KCS Board Policy)

**EXAM EXEMPTION POLICY**

All students who meet the following criteria will be exempt from local exams (this does not include EOC or CTE Exams):

- A and less than 8 Days Absences = Exempt
- B and less than 4 Days Absences = Exempt

Students may elect to take their exams and take the better of the two outcomes. If there are extenuating circumstances with respect to absences that cause the student to go over the limits above, they may petition the Principal to review their individual absences. The petition must be submitted in writing one week prior to their first scheduled exam.
EXTRACURRICULAR POLICY

Extracurricular activity is a privilege, not a right. It is the policy of the Kannapolis City Schools Board of Education that student behavior, including conduct that constitutes a violation of criminal law, board policy and/or school rules, shall be considered in determining eligibility to participate in extracurricular activities by students at A.L. Brown High School. Examples of extracurricular activities include (but are not limited to): student government, interscholastic athletics, service clubs, language clubs, debate teams, field trips, music department activities outside the regular school day, prom, and other activities.

Hazing by any athlete or team member will not be tolerated. All incidents will be handled according to the student code of conduct and/or administrative decision.

A student at A.L. Brown High School shall be ineligible from participation in extracurricular activities in the following circumstances:

**Felony Charges** - Any student criminally charged with a felony offense shall be ineligible from participation in extracurricular activities until final adjudication of the felony charge. If the student is found guilty of a felony (or pleads no contest or is given prayer for judgment continued), the student will be permanently suspended from participation in extracurricular activities, and no appeal or application for reinstatement will be considered. Students found not guilty or whose felony charges are completely dismissed may submit a written application to the school principal for reinstatement of eligibility.

**In-School and Out-of-School Suspensions** - Any student who incurs a total of 6 days of suspension (ISS counts as a half day for this purpose) during a school year shall be ineligible from participation in the current extracurricular season, or eight (8) weeks from the date of the 6th day of suspension (whichever is longer). A student may appeal the length of his or her ineligibility by filing a written appeal within the ten (10) school days after the date of the out-of-school suspension, and such appeal shall be heard by the school level committee as set forth within this policy.

**Ineligibility of Extracurricular Activities** - Ineligibility from extracurricular activities is effective immediately upon notification to the principal and verification by the principal of the felony or misdemeanor charges. Suspension from extracurricular activities is effective immediately upon the applicable criminal conviction or accumulation of out-of-school suspension. A suspension from extracurricular activities remains in effect while any appeal filed under this policy is pending.
**Other Misconduct** - A student whose conduct constitutes a violation of criminal law, board policy, or school rules may be suspended from extracurricular activities by the superintendent or principal. Suspension of eligibility under this paragraph may be permanent for misconduct that constitutes a felony and may extend up to 365 days for other misconduct.

**EXTRACURRICULAR POLICY APPEALS**

There are no appeals for Felony convictions. Students falling under any of the other items above may submit a written appeal to the principal or Athletics Director for reinstatement of eligibility. A written appeal needs to be filed within 10 school days of the incident in question. Students may appeal at the end of a playing season for participation in other sports. The appeal team will consist of Athletic Director or designee, Principal or designee, Assistant Principal, member of student services, and Teacher of student’s choice.

**FEES**

To reduce the total number of fees, we are asking that **all students** pay the $10.00 Instructional Supply Fee at the beginning of the semester. We request family assistance to offset the costs of providing a high-quality education, especially in hard to fund areas such as the sciences. Students that need assistance should see the principal. A record is kept on all delinquent fees. All fees must be cleared prior to graduation.

• To ease the collection process, we have added an online pay function. This system is linked on the AL Brown website and can be accessed at [https://albhs.square.site/](https://albhs.square.site/).

• We also ask that Wonder Time teachers collect fees and write receipts for fees collected. These teacher should also collect all beginning of year (BOY) forms.

Fire drills will be conducted on a monthly basis. Everyone should exit the building promptly, orderly and quietly. Severe weather drills will be conducted annually. Lockdown drills will also be conducted throughout the year. All exercises should be taken seriously.

**FLAG DISPLAY AND PLEDGE OF ALLEGIANCE**

The Board of Education believes that patriotism is an essential element of citizenship; therefore, display of the United States and North Carolina flags is required in each classroom. Each school principal should take steps to achieve the goal of displaying the United States and North Carolina flags in all classrooms. In addition, each principal shall schedule, on a daily basis, an opportunity for students to recite the Pledge or Oath of Allegiance. (This policy shall not compel any person to stand, salute the flag, or recite the Pledge of Allegiance.)

*(KCS Board Policy 3530)*

Students who will not be returning to class will be given a green slip. Green slips can be picked up from the front office manager and can only be picked-up by teachers.

HONORS DESIGNATION:
All graduates of A.L. Brown have an opportunity to earn honors designation. This distinction is determined through individual Final Cumulative Weighted Grade Point Average. Variables such as the grade earned in a class, quality points associated with the classes taken and total number of classes that a student completes determines their total Final Cumulative Weighted Grade Point Average. Honor stoles are based on the following Final Cumulative Weighted GPA levels:

- Cum laude 3.700 - 4.099
- Magna cum laude 4.1 - 4.499
- Summa cum laude 4.5 and above
INTERNET ACCESS
The Kannapolis City Board of Education provides Internet access with the belief that the Internet offers vast, diverse, and unique educational resources. It provides access to many tools and resources that are only available on the Internet such as primary documents and artifacts, up-to-date information, virtual field trips, and scientific simulations. Using the Internet in a responsible manner is a skill that students will use throughout their lives.

(KCS Board Policy 3225/4312/7320)

INTERNET USE
Although the benefits of the Internet are enormous, parents need to be aware that the Internet is an open system that contains pockets of material which many people would disapprove of and keep away from children. The Children’s Internet Protection Act (CIPA) requires schools and libraries to have an Internet safety policy in place. The Internet Use Agreement and Media/Web Publication Release forms are two components of the KCS Internet Safety Policy.

Kannapolis City Schools will make every effort to restrict student access to inappropriate materials on the Internet through the use of active monitoring of student activity, the use of filtering devices, software, and directing students toward sites that support current curriculum objectives. We cannot guarantee that he or she will not encounter text, pictures, or references that are objectionable, however. If such an incident occurs, the student should immediately report the website’s URL (address) to the supervising staff member so that the URL can be added to the list of blocked Internet sites maintained on our Internet filtering device. More information regarding this policy is listed at the end of the official AL Brown Student Handbook.

(KCS Board Policy 3225/4312/7320)

INTERSCHOLASTIC ATHLETICS
The Board of Education supports the concept of interscholastic athletics for students in grades 7-12. All activities will be conducted in accordance with State Board of Education policies and the North Carolina High School Athletic Association rules and regulations.

(KCS Board Policy 3620)
ATHLETIC ELIGIBILITY

Eligibility Guidelines

- Students must be eligible under the guidelines of the Kannapolis City Schools Extracurricular Policy.
- Students must pass three of the four block classes per term.
- No athlete will be permitted to accept an early release while in season. Students who take an early release will not be permitted to play a sport that semester.
- Starting 2016-2017, all athletes entering the ninth grade must maintain a 2.0 overall grade point average (GPA). At the end of quarter, if a student-athlete does not have a 2.0, he/she is put on probation. During probation, the student may be required to bring weekly progress reports to the coach and should take responsibility for finding a tutor to help with academic progress. If at the end of the semester a student-athlete does not have a 2.0 overall GPA or higher, he/she is no longer eligible until the following semester and only then if the GPA requirement has been met.
- Students must be assigned to their present school in accordance with the provision of the North Carolina Pupil Assignment Act (GS 115-176). A student must live with their parents or guardian inside the Kannapolis attendance zone (exceptions must be approved by the principal and the North Carolina High School Athletic Association).
- Students cannot be in their ninth semester in school or reach their 19th birthday before August 31st of the present school year.
- A student must have received a medical examination by a physician.
- Every athlete at A. L. Brown, as well as a parent/guardian, is required to attend a session on NCAA Athletic Eligibility each year.

JOINT ENROLLMENT OF STUDENTS

The primary purpose of the dual enrollment policy is to allow carefully selected high school students to enroll concurrently in high school and a community college or technical institute. It is designed to make available to students on an individual basis instructional programs which are not available to them in their respective school.

(KCS Board Policy 3101)

MEDIA CENTER

Media specialists are available to assist students with the use of materials in the Media Center. Students must obey library etiquette and display a respect for fellow students. Failure to observe library rules will result in the loss of library privileges.

Overdue books are assessed fines of $.05 per day.
LAPTOPS
Kannapolis City Schools provides all students’ access to the Internet, network resources as well as computers, as a means to promote achievement and prepare students to be literate, responsible citizens in a global economy. This policy provides guidelines and information about the limitations that the school imposes on the use of these resources. In addition to this policy, the use of any school computer, including netbook computers, also requires students to abide by the KCS Technology Use Guidelines as stated in the Student Netbook Handbook. Additional rules may be added as necessary and will become a part of this policy.

(KCS School Board Policy 3225/4312/7320)

NATIONAL HONOR SOCIETY
Membership in the National Honor Society represents the highest academic honor and trust that can be bestowed upon a student in high school. The National Honor Society recognizes students with outstanding Scholarship, Leadership, Citizenship, Service and Character. Membership in the society indicates the student has attained and is demonstrating and promoting all of these qualities, and is exerting an effort to improve conditions in the school and community.

- In order for a student to be considered for induction into the National Honor Society he/she must: Be a junior or senior, and been in attendance at A.L. Brown for at least one semester prior to the beginning of the selection process.
- Have a weighted cumulative grade point average of 3.5 or above.
- Must meet the qualifications of leadership, citizenship, service and character to be eligible for membership. Please note: school and community involvement is a key factor in eligibility.
- Have a clean disciplinary record from the beginning of 9th grade. Any out-of-school suspension for any reason will render a student ineligible for consideration. ISS assignments will not mean automatic refusal, but the Faculty Council will take it into consideration when assessing character.

All students who meet the weighted GPA of 3.5 or above will receive a letter informing them they have met the necessary grade requirement to be officially invited to apply for membership into the A.L. Brown Athenian Chapter of the NHS. Instructions and deadlines must be followed to the letter in order for the Faculty Council to consider a candidate. Teacher input is solicited so the Faculty Council can get a clear picture of the candidate’s character.

Once inducted, all members are expected to maintain the standards upon which they were inducted. Poor attendance at meetings, failure to participate in NHS activities and service projects, or any type of disciplinary action can result in action by the Faculty Council that may include warnings, probation or dismissal. Likewise, any student whose GPA drops below the required 3.5 level is placed on probation for one semester. If the GPA does not recover in value after the
semester’s probation, the member will be dismissed. Once dismissed, a person may not be reinstated.

The goal of the A.L. Brown Athenian Chapter of the National Honor Society is to provide our members with the opportunity to display the highest quality of scholarship, leadership, service, and character.

**NATIONAL TECHNICAL HONOR SOCIETY**

National Technical Honor Society is to reward student achievement and leadership and provide business and industry with a continuous stream of talented, highly skilled future employees.

Student standards are as follows:

- Overall GPA of 3.0 unweighted
- Overall GPA of 3.25 unweighted in Career-Technical courses
- Completed a minimum of 3 Career-Technical courses in a career pathway
- One recommendation from Career-Technical teacher
- No current 365 rule violation

**NURSE**

The school nurse is located on the 2nd floor of the main building. Students who have ongoing health concerns or need to take medications during the school day need to make arrangements with the nurse. Students who need to see the nurse during the school day must get a pass from their classroom teacher in order to do so.

**PARKING LOTS (KCS Board Policy 6325)**

Parking on school property is a privilege. A student who intends to drive a vehicle to school must obtain a permit ($25.00) from the resource officer. The permit is to be placed on the back window on the driver’s side of your car. Students must observe the 10 mph speed limit while on campus.

Cars should not be parked on a curb, unmarked space, horseshoe in center of campus, visitor’s space, or a space reserved for staff. Parking lots are off limits during the school day unless written permission is obtained from the administration. Students must leave cars immediately upon arrival to school. Students who fail to comply with these policies will serve the following:

- First offense: ASD
- Second offense: ISS
- Third offense: Parking privileges revoked
PROM EXPECTATIONS

All A. L. Brown students attending prom must be approved by the administration. Any student suspended for three or more days (365 list) will not be permitted to attend prom. A. L. TESTING

NORTH CAROLINA END-OF-COURSE TESTS

End-of-Course (EOC) tests are administered in Math I, English II, and Biology. State mandated Final Exams are also given in most of the other core classes, as well as many Career-Technical Education (CTE) courses. These test results enable students, parents, and teachers to know the extent to which students have mastered expected knowledge and skills. These final exams comprise 20 percent of the final grade.
All students enrolled in these courses are required to take the state mandated final exam regardless of attendance status.

ALL Students enrolled in a Credit Recovery EOC course may be required to take the EOC for the course within 30 days of completion of the Credit Recovery course.

PRELIMINARY SCHOLASTIC APTITUDE TEST - PSAT
The PSAT is administered nationally one school day in October of each year. All sophomores who are potentially 4-year college bound and who have math background through at least Geometry will be automatically scheduled to take this exam. Scores are placed in competition for National Merit Scholarships and are used locally to help students determine their college placement test selection.

ARMED SERVICES VOCATIONAL APTITUDE BATTERY - ASVAB
The ASVAB is a well-constructed aptitude test that has been developed by the military. It is not, however, used as a recruitment tool, nor is it targeted specifically at students considering military service. Juniors who are interested in the Armed Services are provided the opportunity to take the ASVAB exam. Interpretation materials are provided for students when scores arrive.

ADVANCED PLACEMENT TESTING - AP
Advanced Placement (AP) exams are offered in the spring of each year. Students who attain a designated score on these exams have the possibility of acquiring college credit for the course. All students who register for AP courses are encouraged to pay for and take the AP exam in the spring. The cost for the test is $86.00 (subject to change by College Board). Parents are encouraged to attend an AP Night during registration and students are encouraged to keep up with information provided through their College Board account throughout the school year.

TRANSCRIPTS
Students who are currently enrolled may request transcripts in guidance for no charge. Graduating seniors will have the opportunity to designate where their final transcripts will be sent. These transcripts will not have a charge.

- Former students have to request a transcript online as of June 1, 2012.
TRIPS
School trips designed to stimulate student interest and inquiry and to provide opportunities for educational growth and development can be appropriate extensions of the classroom. To the extent that a trip provides an effective means for accomplishing the objectives of the curriculum and that disruption of other classes is kept to a minimum, it may be approved. Criteria for assessing the advisability of a proposed trip should include the extent to which other instructional programs are disrupted, the amount of school time lost, the appropriateness of the trip for the grade level and subject, and what additional demands are placed upon student time in order to raise funds to finance the trip.

UNIFORM DRESS CODE
A safe and disciplined learning environment is essential to maximize student achievement and to ensure that students reach their full potential.

The Kannapolis City Board of Education believes that a school uniform dress code is a positive and cost-effective way to create a more unified, positive, and safe school climate focused more strongly on the learning process. Research has demonstrated that school uniforms increase school safety by minimizing disruptive behavior, decreasing violence, helping prevent gang activity, instilling and improving discipline, and helping maintain the focus on learning. It is expected that a school uniform dress code will promote respect for teachers, build school spirit, decrease unhealthy competition involving fashion trends and dress, ease the strain on parental clothing budgets, and allow for easy identification of intruders on campus. It is the responsibility of the school principal to communicate the information contained in this policy so that students and parents are able to comply with the school uniform dress code requirements. (KCS Board Policy 4316-R).

* A Wonder Friendly Version of the Dress Code is found in the Appendix. The full details of KCS Board Policy 4316-R can be found on the KCS website.
WONDER CAREER CENTER COURSES
Certain students taking specific Career and Technical Education courses will need to travel to the Wonder Career Center located next to G.W. Carver Elementary School. Bus transportation will be provided for these students every day and they are expected to use the transportation to get back-and-forth to these classes. Students should communicate with their Wonder Career Center teachers for bus schedules and locations.

The only exception to this are students who have an early dismissal or late arrival immediately after or before, respectively, their Wonder Career Center courses. These students may transport themselves to the Wonder Career Center.

VISITORS
All visitors must report to the office to sign in through the Lobby Guard Station at the front desk and be directed to an appropriate place. Students are reminded that small children should not be brought to campus during school hours.
Letter to Parents:

We like to brag on our students in Kannapolis City Schools. If your child makes the honor roll, participates in a great event at school, or earns important recognition, we like to share that information with local media, on our website, or on Kannapolis City Schools’ social media pages. We also like to publish students’ pictures in our yearbooks.

Our school board policy says that we may publish basic information about each student. While the definition of Directory Information includes: student’s name, photograph, degrees and awards received, address, parents’ / guardians’ names, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, and the most recent previous educational agency or institution attended by the student, we typically only use pictures and names in our yearbooks, athletic programs, website, and social media pages as a way to share the wonderful activities that happen in our schools.

As a parent or guardian, you may notify Kannapolis City Schools if you do not want your child’s directory information released without your permission. You must send a written notification to the Superintendent’s office within ten (10) days of receiving this document. Please tell us which parts of your child’s directory information you do not want released without your permission.

Thank you, and have a great school year!

Si su niño/a hace la lista de honor, participa en un gran evento en la escuela, o gana un importante reconocimiento, nos gusta compartir esa información con los medios de comunicaciones locales, en nuestro sitio web, o en las páginas de medios sociales de las Escuelas de Kannapolis City. También nos gusta publicar fotos de alumnos en nuestros anuarios escolares.

Nuestra Junta Educativa dice que se puede publicar información básica acerca de cada alumno. Mientras que la definición de la información del directorio incluye: nombre del alumno, fotografías, grados y premios recibidos, dirección, nombres de padres / tutores, fecha y lugar de nacimiento, campo principal de estudio, participación en actividades y deportes reconocidos oficialmente, peso y altura de los miembros de los equipos atléticos, fechas de asistencia y la más reciente agencia o institución educativa que asistió el estudiante, por lo general utilizamos solamente fotos y nombres en nuestros anuarios escolares, programas atléticos, sitio web y páginas de redes sociales como una forma de compartir las maravillosas actividades que suceden en nuestras escuelas.

Como un padre o tutor, usted puede notificar a escuelas de la ciudad de Kannapolis si usted no desea que el directorio de información de su niño/a sea liberado sin su permiso. Usted debe enviar una notificación por escrito a la oficina del Superintendente diez (10) días después de recibir este documento. KCS BOE POLICY 4300 READS, IN PART:
All students in the Kannapolis City Schools shall comply with this policy and all other rules and regulations governing behavior and conduct. These Rules of Student Conduct shall apply to:

- Any student in any school building or on any school premises before, during, or after school hours;
- Any student on any bus or other vehicle on which the student is being transported as part of any school activity as well as at any bus stop;
- Any student during any school function, activity, or event;
- Any student at any time when they are subject to the authority of school personnel;
- Any student whose conduct at any time or place has or is reasonably expected to have a direct and immediate impact on the orderly and efficient operation of the schools or the safety of individuals in the school environment.

Violation of Board policies, rules or regulations, these Rules of Student Conduct, codes or regulations issued by the individual school, or the North Carolina General Statutes may result in disciplinary action including suspension or expulsion of the student from the Kannapolis City Public School System pursuant to Board policies. During the period of time that a student is suspended or expelled, he or she is prohibited from entering the grounds of any school in the Kannapolis City School System and from attending any school-related functions without express permission of the school principal. During any expulsion, the expelled student is not considered a student of the local board of education.

Student misconduct not covered by the Rules of Student Conduct shall be dealt with by the principals or their designee as appropriate. Principals are authorized to promulgate individual school rules and regulations, including disciplinary penalties for violating individual school rules, for matters and misconduct not covered in the following sections. Students shall be informed by local school rules or local school officials of any infractions not listed in these Rules of Student Conduct that might result in out-of-school suspension or expulsion.

Circumstances and degrees of involvement could lessen a serious offense or make a minor offense more serious. The school principal or designee has the authority to modify the discipline guidelines contained in each school Code for each offense when, in their reasonable discretion, the facts and circumstances justify a less or more severe penalty. Any student who has violated one or more sections of the Code may be subject to more severe disciplinary action than is recommended in the Code for violations of a single Code section.

STUDENT RESTRAINT / SECLUSION / ISOLATION
Kannapolis City Schools believes that ensuring student safety for students and staff is essential. Securing order in the school environment sometimes requires that students be subject to greater controls than those appropriate for adults. Except as restricted or prohibited by rules adopted by the Board of Public Education, principals, teachers, substitute teachers, voluntary teachers, teacher assistants, and student teachers may use reasonable force in the exercising of lawful authority to restrain or correct students and maintain order. (G.S. 115C-390)

Notwithstanding any Board of Public Education policy, school personnel may use reasonable force, including corporal punishment, to control behavior or to remove a person from the scene in those situations when necessary:
- To quell a disturbance threatening injury to others;
- To obtain possession of weapons or other dangerous objects on their person, or within the control, of a student;
- For self-defense;
- For the protection of persons or property; or
- To maintain order of school property, in the classroom, or at a school related activity on or off school property (G.S. 115C-391(a))

Notwithstanding any other law, no officer or employee of the Board of Education shall be held liable for using reasonable force, including corporal punishment, in conformity with State law.

Physical / Mechanical Restraint
Physical restraint is defined as the use of physical force to restrict the free movement of all or a portion of a student’s body. Physical restraint shall be allowed as a reasonable use of force under the following circumstances in accordance with North Carolina General Statute (115C-391.1)
- As reasonably needed to obtain possession of a weapon or other dangerous objects on a person or within the control of a person;
- As reasonably needed to maintain order or prevent or break up a fight;
- As reasonably needed for self defense;
• As reasonably needed to ensure the safety of any student, school employee, volunteer, or other person present;
• To teach a skill, to calm or comfort a student, or to prevent self-injurious behavior;
• As reasonably needed to escort a student safely from one area to another. (Students should only be physically escorted when it is deemed safe or if the current setting conditions pose hazards for the student or staff. Escorts should only be conducted in accordance with training procedures adopted by the system);
• If used as provided for in a student’s IEP or Section 504 plan or Behavior Intervention Plan as a brief intervention strategy to assist the student in regaining self-control; or
• As reasonably needed to prevent imminent destruction to school or another’s person’s property (G.S. 115C-391.1(c)(1))

Physical restraint shall not be considered a reasonable use of force if used solely as a disciplinary consequence.

Nothing in this subsection shall be construed to prevent the use of force by law enforcement officers in the lawful exercise of their law enforcement duties.

Mechanical Restraint is defined as the use of any device or material attached or adjacent to a student's body that restricts freedom of movement or normal access to any portion of the student’s body and that the student cannot easily remove. Mechanical restraint shall be allowed only in the following circumstances:

• When properly used as an assistive technology device included in the student’s IEP or as otherwise prescribed for the student by a medical or related service provider;
• When using seat belts or other safety restraints to secure student during transportation;
• As reasonably needed to obtain possession of a weapon or other dangerous objects on a person or within the control of a person;
• As reasonably needed for self-defense;
• As reasonably needed to ensure the safety of any student, school employee, volunteer, or other person. (G.S. 155C-391.1(d)(1))

If used for the purpose of preventing self-injurious behavior, the use of mechanical restraints should be included in the IEP as part of the Behavior Intervention Plan.

Nothing in the policy prevents the use of physical or mechanical restraint by the School Resource Officer or other sworn law enforcement officers in the lawful exercise of their law enforcement duties.

Seclusion
Seclusion is defined as the confinement of a student alone in an enclosed space from which the student is:

• Physically prevented from leaving by locking hardware of other means; or
• Not capable of leaving due to physical or intellectual capacity;
• Seclusion of students by school personnel may be used in the following circumstances;
• As reasonably needed to respond to a person in control of a weapon or other dangerous object;
• As reasonably needed to maintain order or prevent or break up a fight;
• As reasonably needed for self-defense;
• As reasonably needed when a student’s behavior poses a threat of imminent physical harm to self or others or imminent substantial destruction of school or another person’s property; or
• When used as specified in the student’s IEP, Section 504, or behavior intervention plan; and:
  • the student is constantly monitored by an adult in close proximity who is able to see and hear the student at all times;
  • the student is released from seclusion upon cessation of the behaviors that led to the seclusion or as otherwise specified in the student’s IEP, 504 or behavior intervention plan;
  • the confining space has been approved for such use by the local education agency;
  • the space is appropriately lighted, ventilated, and heated or cooled; and
  • the space is free of objects that unreasonably expose the student or others to harm. (G.S. 155C-391.1(e)(1)).

Nothing in this subsection shall be construed to prevent the use of seclusion by law enforcement officers in the lawful exercise of their law enforcement duties.

Isolation
Isolation means a behavior management technique in which a student is placed alone in an enclosed space from which the student is not prevented from leaving. Isolation may be used provided that:
• the space used for isolation is appropriately lighted, ventilated, and heated or cooled;
• the duration of the isolation is reasonable in light of the purpose of the isolation;
• the student is reasonably monitored while in isolation; and
• the isolation space is free of objects that unreasonably expose the student or others to harm (G.S. 155C-391.1(f)(1))

Aversive Procedures
Aversive Procedures are defined as the systematic physical or sensory intervention for modifying behavior of students with disabilities that causes or reasonably may be expected to cause significant physical harm, serious, foreseeable long-term psychological impairment to student, or obvious repulsion to observers of the intervention due to procedures which do not follow acceptable standard practice. Kannapolis City Schools prohibits the use of aversive procedures as defined above by its employees, volunteers, or personnel permitted in schools. (G.S. 115C-391.1(b)(2))

Nothing in this policy is intended to prohibit or regulate the use of “time-out” as a behavior management technique where a student is separated from other students for a limited period of time in a monitored setting. Nothing in this policy shall be construed to create a private cause of action against a local board of education, its agents or employees or to create a criminal offense.
PARENT RIGHTS REGARDING STUDENT RECORDS

An accurate cumulative record is maintained for every student enrolled in Kannapolis City Schools.

Access to student records and challenges thereto shall be allowed, in compliance with the Family Educational Rights and Privacy Act of 1974, as amended.

6311.1 Access to Records: Official North Carolina cumulative student folders containing records, files and data directly related to the student are accessible to all school officials who have a legitimate educational interest in seeing the records. A parent or guardian shall be allowed access to all records of his child upon proper request. A student who has attained his eighteenth birthday shall have access to his records upon proper request. This access will be provided at a time mutually agreeable to the parent/guardian or student and school official(s) and in no case longer than forty-five (45) days after the written request. For the purposes of interpreting and protecting the information in the records, the school principal or his designee must be present during the examination. The parent/guardian or student may receive a copy of the student’s record upon written request and payment of a copy fee.

6311.2 Challenge of Records: A parent or guardian or student who has attained age eighteen shall have the right to challenge an item contained in the student record that is believed to be inaccurate or inappropriate. The principal shall examine a formal challenge of a student record item and make the initial response. Subsequently, if necessary, the parent/guardian or student who has attained age 18 may receive a hearing before a Student Records Committee appointed by the Superintendent, within 5 days of submitting a written request. The decision of the Student Records Committee may be appealed to the Superintendent.

RELEASE OF STUDENT DIRECTORY INFORMATION

Federal law allows a school system to identify certain information as “directory information” which may be publicly released without permission of the parents. Kannapolis City Schools identifies this information as the following: name, address, parents or guardian’s names, date and place of birth, major field of study, participation in activities and sports, weight and height of members of athletic teams, dates of attendance, diplomas and awards received, and most recent previous school attended.

Any parent or eligible student who does not want this information released without consent must notify, in writing, the principal of the school where the records are kept within 15 days of the
opening day of school in the fall semester. The objection must state what information the parent or student does not want to be classified as directory information. If we do not receive your notice by that date, we will assume that you have no objection to release of such information.

We believe that it is in the student’s best interest to have such information released in school and community newspapers because of the recognition it gives them. We make every reasonable effort to protect our students’ privacy. Therefore, most parents do not restrict the release of directory information.

We thank you for your cooperation.

**DRIVER’S LICENSE REQUIREMENTS**

North Carolina has laws that encourage students to complete their high school education. If a student does not pass a sufficient number of courses or drops out of school before the age of 18, their driving permit or driver’s license will be revoked. This law went into effect in 1988.

The law requires the following state agencies to work together to enforce this law: Department of Public Instruction, Division of Motor Vehicles (which controls driver licenses), the Division of NonPublic Schools, and the Community College System. All these agencies report student progress to the Department of Motor Vehicles.

**Who Is Affected by These Laws?**

These laws cover all North Carolina students under the age of 18 who are eligible for a driving permit or license. This includes all students in public schools, private schools, federal schools, home schools and community colleges.

**Are Any Students Not Affected by These Laws?**

Students who have received a high school diploma, a G.E.D., or an adult high school diploma issued by a community college are not affected.

**What Is Required to Get a Driving Permit or License for the First Time?**

The Division of Motor Vehicles will NOT issue a driver’s permit or license without a Driving Eligibility Certificate. To get this certificate, a student MUST bring the following: a certified copy of their birth certificate, the Driver Education class certificate, their Social Security card, and a parent to sign the Eligibility Certificate. Please note: Personnel at A.L. Brown High School do not have the authority to approve the Eligibility Certificate unless all of this information is present and correct, and there is a parent/guardian to sign the form.
How Many Courses Does a Student Have to Pass?
Adequate academic progress is evaluated at the end of every semester. Students must pass 3 out of 4 courses each semester to be eligible to receive a Driving Eligibility Certificate or to keep the driving permit or license they already have. A.L. Brown High School is required by law to report to the DMV the names of students who do not pass 3 out of 4 courses or who drop out which will result in the revocation of the permit or license.

Lose Control Lose Your License Legislation
Active July 1, 2000, students given an expulsion/suspension for more than 10 consecutive days for one of the three reasons listed below are subject of having their permit/license suspended for up to one calendar year: 1) The possession or sale of an alcoholic beverage or an illegal controlled substance on school property. 2) The possession or use on school property of a weapon or firearm that resulted in disciplinary action under O.S. 115C-392 (dl) or that could have resulted in that disciplinary action if the conduct had occurred in a public school. 3) The physical assault on a teacher or other personnel on school property. Students who are at least 14 years old or who are rising 8th graders are subject to this law. This law applies to all students, even those exempted under Dropout Prevention/Driver’s License Legislation law that ends when a student turns 18 years old, the “Lose Control” law does not stop at age 18 years old nor does it stop when the student graduates. Students who may lose their permit/license under this legislation may be eligible to regain the permit/license after a six-month period by displaying exemplary behavior in an alternative educational setting or having successfully completed a school district approved drug or alcohol treatment counseling program.
The Kannapolis City Board of Education provides Internet access with the belief that the Internet offers vast, diverse, and unique educational resources. It provides access to many tools and resources that are only available on the Internet such as primary documents and artifacts, up-to-date information, virtual field trips, and scientific simulations. Using the Internet in a responsible manner is a skill that students will use throughout their lives.

The smooth operation of the network depends on the proper conduct of the end users. Accordingly, all users must adhere to strict guidelines. These guidelines are mandated by the Children’s Internet Protection Act and are contained in Board policies 5451 Appropriate Internet Use, 5452 Student Internet Use, and 5453 Internet Use – Staff Responsibility. In general, these guidelines require efficient, ethical, and legal utilization of the network resources to support the curriculum. If a user violates any of these provisions, his or her Internet access privileges may be revoked and disciplinary action and/or appropriate legal action may be taken.

Kannapolis City Schools users will take full responsibility for their use of the Internet. However, the Kannapolis City Schools will take precautions to restrict access to questionable materials. All students will be provided a user ID and password to gain access to the Internet unless you send a written notification to the Superintendent’s office, within 10 days of receipt of this letter, stating that you do not want your child to use the internet for educational purposes. Absent such written notification, it will be considered that you have granted permission for your child to use the internet, and that you and your child have consented to abide by all applicable internet use policies.

MEDIA/WEB RELEASE
The Media/Web Publication Release form gives parents the choice to decide whether student names and photos will be published on the school’s website and on the local educational cable TV channel. When student work was traditionally displayed within the school building, it was viewable by a limited audience. Our web site offers an “open window” to events that are happening within the school walls and presents a unique opportunity for student activities to be showcased worldwide. Anything published locally on the school’s web site can be viewed from anywhere on the Internet. Because of the worldwide audience and the increased local audience via the educational cable channel, we require parental permission to allow students name(s) or photo(s) to be published on the school web site and on the local educational cable channel. Student names will be listed in the format of first name, last initial only. No photo will be displayed with an identifying student name underneath the photo.

For the purposes of this dress code, clothing that is see-through, cut, torn, advertises drugs/alcohol, displays offensive, obscene or pornographic words or images, or is otherwise disruptive is not permissible.

COMPLIANCE

The school principal or designee shall have authority to make all reasonable decisions and interpretations regarding the implementation of this student dress code. If a student, parent, or guardian has questions about whether a particular item of clothing meets the student dress code, they are encouraged to ask the school principal or designee before the item is worn to school. Students transferring from other districts will be expected to be in compliance with the dress code.

DISCIPLINE

For initial or minor violations, the student and parent or guardian would be given the opportunity to immediately correct the issue. For repeated or patently offensive violations that demonstrate a conscious decision not to adhere to the dress code, the student may be subject to more severe measures, up to and including in-school or out-of-school suspension.

RELIGIOUS EXEMPTIONS

A student, parent or guardian wishing to seek an exemption to this dress code based on religious beliefs and practices should submit a written statement to the school principal. The statement should explain the adverse effect complying with the dress code would have on the practice of the student’s religious beliefs. If the principal denies the request, the principal shall notify the superintendent for a review. The superintendent shall seek the advice of the attorney for the Board of Education. After consultation with the attorney, the superintendent shall make a determination to allow or deny the request. Should the superintendent deny the request, the requester may seek review by the Board of Education. During this review process, the student requesting an exemption would be permitted to remain in school and not be required to comply with the portion of the dress code in question.

FINANCIAL HARDSHIP

Kannapolis City Schools partners with several community organizations to assist families suffering financial hardships in complying with the dress code. Families in need of assistance should share this information, preferably in writing, with the school principal.
KCS BYOD POLICY

We trust that everyone will act appropriately with the privilege of BYOD.

The Bring Your Own Device (BYOD) policy’s primary function is to support the educational program at ALBHS. The wireless access provided to student devices is designed to enhance the students’ educational experience and increase authentic student engagement in academic activities. Connecting personal devices to the wireless network of Kannapolis City Schools is a privilege, not a right.

ALBHS Wireless connection for students- “KCS_BYOD”, using student login and password.

ALBHS students are not required to bring their own technology. Permission to bring and use privately owned technology is contingent upon adherence to this ALBHS BYOD Policy, the Kannapolis City Schools Technology Acceptable Use Policy (5451), and the KCS Harassment and Bullying Policy (3038, 4038, and 6414).

Acceptable Technology
Students are allowed to bring the following electronic devices for use at school: laptops, netbooks, tablets (e.g., iPad, Google Nexus), e-readers (e.g., Kindle, Nook), smartphones (e.g., iPhone, Android), and audio players (e.g., iPod, SanDisk Sansa) for instructional purposes.

Unacceptable Technology
Unacceptable electronic devices include, but are not limited to, the following: gaming devices (e.g., Nintendo 3DS, Handheld PlayStation) radios, pagers, laser pointers, or any other similar devices.

Loss, Theft, or Damage of Privately Owned Technology
Portable electronic devices are vulnerable to loss, theft, and damage. We highly encourage students and parents to engrave or permanently mark their devices with owner information. Students and parents must assume total responsibility for any privately owned technology they bring on campus. If a privately owned device is stolen, the victim must immediately report the incident to a school administrator and/or our school resource officer. Neither Kannapolis City Schools nor A. L. Brown High School will accept responsibility for any lost or stolen privately owned electronic device. ALBHS faculty and staff will not attempt to repair, correct, troubleshoot, or be responsible for malfunctioning privately owned technology.

The Role of ALBHS Faculty and Staff with BYOD
- Teachers are solely in charge of students’ use of technology within their classrooms. Student use of any technology within a 90-minute class or a school-sanctioned activity is governed by the teacher, coach, or staff member in charge.
• Administration, faculty, and staff at ALBHS may request at any time that students turn off their privately owned technology. Failure to do so will result in disciplinary action and possible revocation of BYOD privileges.
• The administration at A. L. Brown High School reserves the right to search a privately owned electronic device in accordance with the applicable laws and policies if there is reasonable suspicion that the student has violated any ALBHS or Kannapolis City Schools policy or procedure or engaged in any other misconduct while using the device.

The Role of Parents/Families with BYOD
• To maintain quality instructional time, parents/families should not call students during the school day.
• Please call the main office to communicate with students.

• Students may NOT connect hard-wired to the KCS network.
• Students may NOT attempt to use any software, utilities, or other means to access Internet sites or content blocked by Kannapolis City Schools Internet filters.
Consequences
Violation of district/school policies and/or local, state, or federal laws while using a privately owned electronic device on the Kannapolis City Schools wireless network or on school grounds will result in appropriate consequences. In accordance with Kannapolis City Schools Policy, legal action may be pursued when appropriate. School-level consequences include, but are not limited to, the following:

- After-school Detention
- Confiscation of the electronic device
- Temporary loss of technology privileges
